

		MC3	MC2	Conference Room 1	Dimitris Mitropoulos	Conference Room 7	Conference Rooms 2/3/4/Nikos Skalkotas	MC3.4
Tuesday, 20 June 2022								
 <b>Xperience</b>	08:30 - 16:30	Masterclass 1: ECMO for respiratory and cardiac failure in children – an interactive masterclass with inbuilt ECMO simulation sessions	Masterclass 3: Mechanical and non-invasive ventilation	Masterclass 2: Neuromonitoring with aEEG in neonatology and paediatric intensive care	Masterclass 4: POCUS Course for neonatal and paediatric intensivists	Masterclass 6: Writing with confidence for a publication	Masterclass 5: Advanced paediatric and neonatal sepsis	13:00-16:30 Masterclass 7: How to manage a quality improvement project in the NICU
	16:30 - 17:00	 Xtra Time						
 <b>Xellence</b>	17:00 - 19:00	<p>Alexandra Trianti</p> <p><b>Opening Ceremony &amp; Plenary I &amp; II</b> Chairs: Akash Deep, UK; Daniele De Luca, France; Paulien Raymakers Janssen, Netherlands</p> <p>17:00 - 17:05 Inauguration Video</p> <p>17:05 - 17:10 Welcome <b>Daniele de Luca, Medical President</b></p> <p>17:10 - 17:15 Welcome <b>Pauline Raymakers-Janssen, Nursing President</b></p> <p>17:15 - 17:20 Welcome <b>Akash Deep, Chair, Scientific Affairs</b></p> <p>17:20 - 17:50 Emergency and critical care without walls global goals <b>Vinay Nadkarni, USA</b></p> <p>17:50 - 18:20 ARDS from Ashbaugh to where? Post-COVID 19 lessons <b>Luciano Gattinoni, Germany</b></p> <p>18:20 - 18:50 Fluids in paediatric sepsis - what is the fuss? Restricted, liberal or cautious? <b>Kathryn Maitland, Kenya</b></p> <p>18:50 - 19:00 Discussion</p>						
	19:00 - 20:00	 Xtra Time <b>Welcome Reception</b>						

Masterclass
Educational Symposium
Long Sessions / Short Sessions
Plenary
 Xtra Time
Industry Session
How to Session

Wednesday, 21 June 2023		Alexandra Trianti	Dimitris Mitropoulos	Nikos Skalkotas	MC3	MC2
 <b>Xplore</b>	08:00 - 09:00	<b>Educational Symposium: Nuances of resuscitation</b> Chairs: Marta Sarda Sanchez, Spain; Jimena del Castillo, Spain	<b>Educational Symposium: Understanding heart-lung physiology in paediatric critical care</b> Chairs: Ajay Desai, UK; Yogen Singh, USA	<b>Educational Symposium: Anticoagulation issues in paediatric critical care</b> Chairs: Katherine Brown, UK; Fabrizio Chiusolo, Italy	<b>Educational Symposium: Busting the myths in paediatric oncology</b> Chairs: Joe Brierley, UK; Roelli Wosten-van Asperen, Netherlands	<b>Educational Symposium: Updates in neonatal intensive care</b> Chairs: Daniele de Luca, France; David Tingay, Australia
	08:00-08:30	e-CPR- where do we stand now? Vinay Nadkarni, USA	How to optimize cardiopulmonary interactions in neonates and children? Joris Lemson, Netherlands	Current debates on ECMO anticoagulation Matteo Di Nardo, Italy	Fever in the critically ill cancer patient: not always sepsis Roelle Wosten-van Asperen, Netherlands	The future of surfactant therapy is today Daniele de Luca, France
	08:30-09:00	Initiation of chest compressions when the patient is mechanically assisted Jimena del Castillo, Spain	Diagnosis and management of univentricular physiology Cecile Tissot, Switzerland	Anticoagulation in liver failure - are we spoilt for choices? Akash Deep, UK	Acute respiratory failure in oncology and stem cell transplant patients- More invasive is better or worse? Yolanda Margarita Lopez Fernandez, Spain	Endotypes of prematurity and phenotypes of bronchopulmonary dysplasia Manuel Sanchez-Luna, Spain
 <b>Xtra Time</b> <i>Short Break</i>						
 <b>Xchange</b>	09:15 - 10:45	<b>Long Scientific Session: Controversies in septic shock</b> Chairs: Gabriela Bottari, Italy; Luregn Schlapbach, Switzerland	<b>Long Scientific Session: Understanding ventilatory strategies</b> Chairs: Yolanda López-Fernández, Spain; Stavroula Ilija, Greece	<b>Long Scientific Session: Thinking ahead - the post-operative morbidities that matter in the long run</b> Chairs: Aparna Hoskote, UK; Angelo Polito, Switzerland	<b>Long Scientific Session: Challenges in critical care nephrology and hepatology</b> Chairs: Demet Demirkol, Turkey; Zaccari Ricci, Italy	<b>Long Scientific Session: ABCDEF bundles in PICU</b> Chairs: Kostantinos Tziouvas, Greece; Orsola Gawronski, Italy
	09:15-09:45	More than needles in the haystack? - update on sepsis recognition in 2023 Luregn Schlapbach, Switzerland	Are current ventilation strategies really lung protective in mechanically ventilated children? Christopher Newth, USA	Identify risk factors for mid and long-term morbidities for children with Congenital heart disease Katherine Brown, UK	Liberation from CRRT – art or science? Stuart Goldstein, USA	How to adapt ABCDEF bundles from adults to children? Juliane Engel, Germany
	09:45-10:15	Fluids versus inotropes in paediatric shock, fee or foe? David Inwald, UK	Ventilation strategies in ECMO patients; when to start and how to stop Matteo di Nardo, Italy	Left ventricle versus right ventricle - why both ventricles are not the same Aparna Hoskote, UK	Non-transplant management of acute liver failure- is it fact or fiction? Akash Deep, UK	Early mobilization: what are the barriers to overcome? Erwin Ista, Netherlands
	10:15-10:45	Oral presentations	Oral presentations	Oral presentations	Oral presentations	Oral presentations
 <b>Xtra Time</b> <i>Coffee Break, Exhibition &amp; E-Poster Viewing</i>						
 <b>Xchange</b>	11:15 - 12:15	<b>Short Scientific Session: Difficult sedation and analgesia</b> Chairs: Lyvonne Tume, UK; Marco Daverio, Italy	<b>Short Scientific Session: Nutrition - Bench to bedside</b> Chairs: Sascha Verbruggen, Netherlands; George Briassoulis, Greece	<b>Short Scientific Session: Personalized medicine in critical care</b> Chairs: Maria Vasilopoulou, Greece; Mark Peters, UK	<b>Short Scientific Session: Databases - how relevant are they?</b> Chairs: Joppe Nijman, Netherlands; Gilles Jourdain, France	<b>Short Scientific Session: Medical complexity</b> Chairs: Janet Mattsson, Sweden; Chiara Tosin, Italy
	11:15-11:45	Does a definition exist today? Dick Tibboel, Netherlands	Critical care nutrition - From evidence to bedside Nilesh Mehta, USA	Personalized medicine in PICU in 2023 – challenges and opportunities Luregn Schlapbach, Switzerland	Applying big data science to PICU/NICU/adult ICU Erik Koomen, Netherlands	Parental experiences of technology-dependence among children and adolescents with long-term ventilation Joseph Manning, UK
	11:45-12:15	Oral presentations	Oral presentations	Oral presentations	Oral presentations	Oral presentations

	12:15 - 12:20	 <b>Xtra Time</b> <i>Short Break</i>				
	12:20 - 13:20	<b>Plenary III: Challenges in multi-disciplinary research</b> Chairs: Akash Deep, UK; Katherine Brown, UK				
	12:20-12:50	Results of the Oxy-PICU Multiple Centre Randomised Trial of Conservative vs. Liberal Oxygenation Targets Mark Peters, UK				
	12:50-13:20	Ethical challenges of research in LMIC Kathryn Maitland, Kenya				
	13:20 - 14:45	 <b>Xtra Time</b> <i>Break, Exhibition, Poster Walks &amp; E-Poster Viewing</i>				
	13:30 - 14:30	<i>Parallel Poster Walks in Exhibition</i>				
		Poster Walk 01 (Station 01)	Poster Walk 02 (Station 02)	Poster Walk 03 (Station 03)	Poster Walk 04 (Station 04)	Poster Walk 05 (Station 05)
		Cardiovascular dynamics Chairs: Yogen Singh, USA; Javier Urbano, Spain	Cardiac ICU and mechanical circulatory support Chairs: Aparna Hoskote, UK; Angelo Polito, Switzerland	Critical care nephrology & hepatology Chairs: Demet Demirkol, Turkey; Paulien Raymakers-Janssen, Netherlands;	Infection, systemic inflammation and sepsis Chairs: Gabriela Bottari, Italy; Ajay Desai, UK	Long term outcome and neurocritical care Chairs: Karl Florian Schettler, Germany; Shruti Agrawal, UK
	13:30 - 14:30	<b>Industry Session I</b> <i>Not included in the main event CME/CPD credit</i>				
	14:45 - 15:45	<b>Plenary IV: Patient experience and family-centred care</b> Chairs: Daniele de Luca, France; Pauliene Raymakers-Janssen, Netherlands				
	14:45-15:15	Lived experience of sepsis and ECMO- Patient experience Anthony Bennett, UK				
	15:15-15:45	The role of patients & families in the quality and safety mission: We are ONE Anne Sylvie Ramelet, Switzerland; Joseph Manning, UK				
	15:45 - 16:00	 <b>Xtra Time</b> <i>Short Break</i>				
	16:00 - 17:00	Short oral presentations 01 Chair: Nilufer Yalindag-Ozturk, Turkey	Short oral presentations 02 Chair: David Tingay, Australia	Short oral presentations 03 Chair: Manuel Sanchez Luna, Spain	Short oral presentations 04 Chair: Serge Grazioli, Switzerland	Short oral presentations 05 Chair: Bogdana Zoica, UK
	17:00 - 17:30	 <b>Xtra Time</b> <i>Coffee Break, Exhibition &amp; E-Poster Viewing</i>				
	17:30 - 17:50	<b>Interdisciplinary Session: Heart-lung cross talk</b> Chairs: Aparna Hoskote, UK; Fabrizio Chioldo, Italy	<b>Interdisciplinary Session: Brain cross talk with other organs</b> Chairs: Shruti Agrawal, UK; Kostasinos Tziouvas, Greece	<b>Interdisciplinary Session: Emerging therapies in critical care</b> Chairs: Gerri Sifton, UK; Pierre Tissieres, France;	<b>'Interdisciplinary Session: Non-renal impact of AKI - organ cross talk</b> Chairs: Demet Demirkol, Turkey; Dimitra Paraschou, Greece	<b>Interdisciplinary Session: Drugs in PICU</b> Chairs: Dick Tibboel, Netherlands; Saskia de Wildt, Netherlands
	17:30-17:50	The transfusion dilemma. Adapting transfusion guidelines to the real CHD world – are we right in setting targets and transfusion thresholds? Belén Calderín Llopis, Spain	Time is brain - can we improve neuro-outcomes Barney Scholefield, UK	Inhaled anaesthetics for difficult sedation critical care units - when and how? Erwin Ista, Netherlands	Extracorporeal therapies beyond CRRT in PALF Gerard Cortina, Austria	Drug-drug interactions in PICU Saskia de Wildt, Netherlands
	17:50 - 18:10	Looking after the right heart in ARDS Katherine Brown, UK	Septic encephalopathy; what does an intensivist need to know? Mark Peters, UK	Emerging infections in critical care - Role of immunotherapy Michael Carter, UK	Nutritional challenges and dialytrauma for CRRT patients Stuart Goldstein, USA	Management and impact of refractory ICU delirium Angela Amigoni, Italy
	18:10 - 18:30	ECMO for sepsis - where do we stand? Lars Mikael Broman, Sweden	Pumping brain and thinking heart - interaction of two important organs Karl Florian Schettler, Germany	Emerging trends in extracorporeal therapies in sepsis? Gabriella Bottari, Italy	Renal replacement therapy on ECLS – Indications, technical challenges, and outcomes Zaccaria Ricci, Italy	Block it or drop it – Neuromuscular blockade for ARDS Nilufer Yalindag-Ozturk, Turkey

**Xtra Care**

18:00 - 18:30

18:30 - 20:00

*Nikos Skalkotas Foyer*  
Reception for ESPNIC members

General Assembly

Thursday, 22 June 2023		Alexandra Trianti	Dimitris Mitropoulos	Nikos Skalkotas	MC3	MC2
 <b>Xplore</b>	08:00 - 09:00	<b>Educational Symposium: Current state of play in paediatric respiratory failure</b> Chairs: David Tingay, Australia, Nilufer Yalindag-Ozturk, Turkey	<b>Educational Symposium: Have hugs not drugs</b> Chairs: Erwin Ista, Netherlands; Christina Balnta, UK	<b>Educational Symposium: Getting to the heart of the matter: paediatric cardiac arrest</b> Chairs: Marta Sarda Sanchez, Spain; Jimena del Castillo, Spain	<b>Educational Symposium: Adjunctive therapies in neonatal intensive care</b> Chairs: Manuel Sanchez Luna, Spain; Serge Grazioli, Switzerland	<b>Educational Symposium: Avoidable harm in PICU</b> Chairs: Dick Tibboel, Netherlands; Joseph Manning, UK
	08:00 - 08:30	Paediatric ARDS - Second version of PALICC PARDS guidelines Yolanda Margarita Lopez Fernandez, Spain	Non pharmacological management of delirium Erwin Ista, Italy	Should unanticipated cardiac arrest be a thing of the past Gerri Sefton, UK	Nitric oxide in use in management of CDH – friend or foe? Daniele de Luca, France	An emerging problem: Medication errors Angela Amigoni, Italy
	08:30 - 09:00	Where are we with noninvasive approaches for respiratory failure (HFNC/NIV) Alberto Medina Villanueva, Spain	Challenges in screening for paediatric delirium Lyvonne Tume, UK	Post-arrest care: Updates on temperature management and neuroprognostication Barney Scholefield, UK	Smaller machines for smaller patients – do they add safety and efficacy? Zaccaria Ricci, Italy	Optimized assessment of GFR to reduce harm and optimize therapy Saskia de Wildt, Netherlands
09:00 - 09:15  <b>Xtra Time</b> <i>Short Break</i>						
 <b>Xchange</b>	09:15 - 10:15	<b>Short Scientific Session: ARDS united: Neonatal, paediatric and adult. What do we need besides ventilation strategies?</b> Chairs: Martin Kneyber, Netherlands; Nilufer Yalindag-Ozturk, Turkey	<b>Short Scientific Session: ESPNIC-SCCM Joint session - Sepsis guidelines</b> Chairs: Gabriela Bottari, Italy; Vinay Nadkarni, USA	<b>Short Scientific Session: Oxygen in the PICU- how much is too much?</b> Chairs: Barney Scholefield, UK; George Briassoulis, Greece	<b>Short Scientific Session: EURO-ELSO/ESPNIC - Pushing the boundaries in ECMO</b> Chairs: Aparna Hoskote, UK; Ajay Desai, UK	<b>Short Scientific Session: PANDEM guidelines</b> Chairs: Lyvonne Tume, UK; Marco Daverio, Italy
	09:15 - 09:45	Panelists: David Tingay, Australia; Christopher Newth, USA; Yolanda Margarita Lopez Fernandez, Spain; Luciano Gattinoni, Germany	Panelists: Pierre Tissieres, France; David Inwald, UK; Akash Deep, UK; Michael Carter, UK; Massimo Girardis, Italy; Joe Brierley, UK	COAST Study Kathryn Maitland, Kenya	Is there a weight limit - How small is too small? Lars Mikael Broman, Sweden	Panelists: Erwin Ista, Netherlands; Saskia De Wildt; Mencia Santiago, Spain; Anne-Sylvie Ramelet, Switzerland; Angela Amigoni, Italy
	09:45 - 10:15			Less is more Mark Peters, UK	ECMO in Haematopoietic stem cell transplantation patients Matteo Di Nardo, Italy	
10:15 - 10:45  <b>Xtra Time</b> <i>Coffee Break, Exhibition &amp; E-Poster Viewing</i>						
 <b>Xchange</b>	10:45 - 12:15	<b>Long Scientific Session: Dogmas in respiratory failure</b> Chairs: Yolanda López-Fernández, Spain; George Briassoulis, Greece	<b>Long Scientific Session: Emerging trends in sepsis</b> Chairs: Joris Lemson, Netherlands; Mark Peters, UK	<b>Long Scientific Session: Controversies in cardiac critical care</b> Chairs: Serge Grazioli, Switzerland; Ajay Desai, UK	<b>Long Scientific Session: ESPNIC-ESPID-ESCMID joint session</b> Chairs: Gabriella Bottari, Italy; Vinay Nadkarni, USA	<b>Long Scientific Session: Parents - an integral part of PICU journey</b> Chairs: Maria Vasilopoulou, Greece; Anne-Sylvie Ramelet, Switzerland
	10:15 - 11:15	Dogma vs science in mechanical ventilation for respiratory failure Martin Kneyber, Netherlands	New vasoactive agents in shock Pierre Tissieres, France	The ever-changing quest for the 'ideal' ECMO indication. Is challenging current knowledge the only way forward? Aparna Hoskote, UK	Lessons learnt from the RSV surge end of 2022? Marie Billard, Netherlands	Who decides the best interests of the child? Parents, clinicians or the law Joe Brierley, UK
	11:15 - 11:45	Steroids in neonatal and paediatric respiratory failure: Where are we now? David Tingay, Australia	Early and reliable diagnosis of sepsis - what do we have in our kitty? Michael Carter, France	Re-thinking markers of cardiac output: singular endpoints or rather useful adjuncts to trend? Angelo Polito, Switzerland	At the crossroad of antimicrobial stewardship and efficient sepsis management Massimo Girardis, Italy	Me as a parent; me as a nurse - how did it feel being on the other side? Pauliene Raymakers-Janssen, Netherlands
	11:45 - 12:15	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations
12:15 - 12:30  <b>Xtra Time</b> <i>Short Break</i>						
 <b>Xchange</b>	12:30 - 13:30	<b>Short Scientific Session: Weaning is an art....</b> Chairs: Kostantinos Tziouvas, Greece; Zaccari Ricci, Italy	<b>Short Scientific Session: Advancements in cardiac critical care</b> Chairs: Dora Wood, UK; Uli Terheggen, Switzerland;	<b>Short Scientific Session: Healthcare professionals need help too!</b> Chairs: Anna Zanin, Italy; Joe Brierley, UK	<b>Short Scientific Session: Nutritional issues in PICU</b> Chairs: Lynne Latten, UK; Nilesh Mehta, UK	<b>Short Scientific Session: Recruit and Retain - Biggest mantra of running PICU/NICU</b> Chairs: Paulien Raymakers Janssen, Netherlands; Kate Baptiste, UK

	12:30 - 13:00	How do I actively dereuscitate my patient after active resuscitation? Joris Lemson, Netherlands	Cutting edge mobile ECMO - nuts and bolts Mathieu Genaini, France	Moral distress and moral injury in PICU health care professionals Chiara Tosin, Italy	Refeeding syndrome: underdiagnosed in PICU? Sascha Verbruggen, Netherlands	Strategies to address nursing workforce recruitment and retention within the PICU/NICU Julie Menzies, UK
	13:00 - 13:30	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations
	13:30 - 14:45	 <b>Xtra Time</b> <i>Break, Exhibition, Poster Walks &amp; E-Poster Viewing</i>				
	13:30 - 14:30	<i>Parallel Poster Walks in Exhibition</i>				
		Poster Walk 06 (Station 01)	Poster Walk 07 (Station 02)	Poster Walk 08 (Station 03)	Poster Walk 09 (Station 04)	Poster Walk 10 (Station 05)
		Paediatric and neonatal intensive care nursing Chairs: Rui J. Bacelos Silva, Portugal; Chiara Tosin, Italy	Patient quality and safety Chairs: Joseph Manning, UK; Orsola Gawronski, Italy	Respiratory failure Chairs: David Tingay, Australia; Nilufer Yalindag-Ozturk, Turkey	Miscellaneous 01 Chairs: Dora Wood, UK; Uli Terheggen, Switzerland	Miscellaneous 02 Chairs: Marco Daverio, Italy; Christina Balnta, UK
	14:30 - 14:45	 <b>Xtra Time</b> <i>Short Break</i>				
	14:45 - 15:30		Industry Session II <i>Not included in the main event CME/CPD credit</i>			
	15:30 - 15:40	 <b>Xtra Time</b> <i>Short Break</i>				
	15:40 - 16:25	<p><b>Plenary V: Quiz your top Editors- Tips for publishing your research work</b></p> <p><b>Panel: Esther Lau, UK; Dick Tibboel, Netherlands; Lyvonne Tume, UK; Katherine Brown, UK; Daniele De Luca, France</b></p> <p>Introducer: Martin Kneyber, Netherlands. Quizmasters: Michael Carter, UK; Julie Menzies, UK; Stephanie Reynaud, France</p>				
	16:25 - 16:30	 <b>Xtra Time</b> <i>Short Break</i>				
	16:30 - 17:30	<b>Short Scientific Session: State of the art neurocritical care</b> Chairs: Karl Florian Schettler, Germany; Shruti Agrawal, UK	<b>Short Scientific Session: If we can, does not mean we should. Care of the child with medical complexity</b> Chairs: Maria Vasilopoulou, Greece; Christina Balnta, UK	<b>Short Scientific Session: Fluid is a drug in PICU- needs adequate dosing</b> Chairs: Yogen Singh, USA; Joris Lemson, Netherlands	<b>Short Scientific Session: Safety during transport</b> Chairs: Dora Wood, UK; Uli Terheggen, Switzerland	<b>Short Scientific Session: How do we detect a deteriorating child?</b> Chairs: Rui J. Bacelos Silva, Portugal; Chiara Tosin, Italy
	16:30 - 17:00	Neurocritical care units - the story so far! Karl Florian Schettler, Germany	DNAR orders and invasive procedures: A multidisciplinary approach to ethical management Joe Brierley, UK	How do we assess fluid responsiveness in 2023- A physiology based approach to choosing inotropes in neonates and children Javier Urbano, Spain	Ensuring safety of staff and patients during transport - Embedding safety culture in retrieval teams Dora Wood, UK	The use of electronic devices to support PEWS and escalation of care Gerri Sefton, UK
	17:00 - 17:30	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations
	17:30 - 18:00	 <b>Xtra Time</b> <i>Coffee Break, Exhibition &amp; E-Poster Viewing</i>				
	18:00 - 19:15	<b>Young Investigator Session</b> Chairs: Akash Deep, UK; Martin Kneyber, Netherlands	<b>Interdisciplinary Session: Nutritional recovery after critical illness</b> Chairs: Sascha Verbruggen, Netherlands; Lynne Latten, UK	<b>Interdisciplinary Session: Taking care of staff and families in PICU</b> Chairs: Joe Brierley, UK; Joseph Manning, UK	<b>Interdisciplinary Session: POCUS in neonatology</b> Chairs: Yogen Singh, USA; Bogdana Zoica, UK	<b>Interdisciplinary Session: Moral support for healthcare professionals in PICU/NICU</b> Chairs: Julie Menzies, UK; Kate Baptiste, UK
	18:00 - 18:20		Bedside tools and diagnostic dilemmas in assessing GI dysfunction Frederick Valla, France	Collaboration is key: Co-creating a PICU with patients, parents and health professionals Erik Koomen, Netherlands	Playing safe in the NICU – SAFE-R protocol on the use of multi-system POCUS in the NICU Nadya Yousef, France	Management of neonatal collapse Marta Sarda Sánchez, Spain
	18:20 - 18:40		How well do we know children's nutritional recovery after critical illness Lynne Latten, UK	Strategies to reduce PICS-p: are PICU diaries effective? Orsola Gawronski, Italy	New diagnostic approach of the RDS of immaturity. Value of Point of Care lung ultrasound in the NICU Francesco Raimondi, Italy	The next generation of nurses: What will keep them happy in the work place Janet Mattsson, Sweden

<p data-bbox="310 256 378 272"><b>18:40 - 19:00</b></p>	<p data-bbox="596 245 783 285">Nutritional and metabolic therapies targeting muscle mass and function <b>Nilesh Mehta, USA</b></p>	<p data-bbox="783 245 968 285">Dealing with death in the PICU- Supporting the family's bereavement process <b>Chiara Tosin, Italy</b></p>	<p data-bbox="968 240 1150 293">Does point of care echocardiography makes difference in management of hemodynamic evaluation in neonates and children? <b>Yogen Singh, UK</b></p>	<p data-bbox="1150 240 1329 293">The experience of having embedded clinical psychologists for staff support - challenges, benefits and rewards <b>Kate Baptiste, UK</b></p>

Friday, 23 June 2023		Alexandra Trianti	Dimitris Mitropoulos	Nikos Skalkotas	MC3	MC2
 <b>Xplore</b>	08:00 - 09:00	<b>Educational Symposium: Neuromonitoring and neuroprotection in PICU/NICU</b> Chairs: Karl Florian Schettler, Germany; Kostantinos Tziouvas, Greece	<b>Educational Symposium: Are PICU transfusion guidelines enough?</b> Chairs: Belen Calderon, Spain; Fabrizio Chiusolo, Italy	<b>Educational Symposium: Databases and outcomes in PICU</b> Chair: Erik Koomen, Netherlands; Joppe Nijman, Netherlands	<b>Educational Symposium: What is new in PICU Simulation?</b> Chairs: Zoltan Györgyi, UK; Bogdana Zoica, UK	<b>Educational Symposium: Patient safety</b> Chairs: Rui J. Bancelos Silva, Portugal; Julie Menzies, UK
	08:00 - 08:30	Multimodal monitoring in traumatic brain injury Shruti Agrawal, UK	Practical approach in tertiary-level units Ana Gómez, Spain	Metalegical challenges of data science with retrospective datasets (bias, event-non event ratio) Erik Koomen, Netherlands	Can we reach the top of the Kirkpatrick model with simulation Anna Zanin, Italy	Simulation the key to enhancing patient safety in the PICU/NICU Orsola Gawronski, Italy
	08:30 - 09:00	Neuroprotection in the preterm infant Manuel Sanchez Luna, Spain	Massive transfusion in pediatric critical care Fabrizio Chiusolo, Italy	Stability and outcome at PICU post surgical neonates Joppe Nijman, Netherlands	Simulation and multiculturalism Gilles Jourdain, France	
 <b>Xtra Time Short Break</b>						
 <b>Xchange</b>	09:15 - 10:45	<b>Long Scientific Session: Controversies in monitoring of shocked patients. Do we really need monitors for shock</b> Chairs: Javier Urbano, Spain; Pierre Tissieres, France	<b>Long Scientific Session: Survivorship: Looking into the last link of the chain of survival</b> Chairs: Gerri Sefton, UK; Christina Bainta, UK	<b>Long Scientific Session: Education in ESPNIC</b> Chairs: Anna Zanin, Italy; Gilles Jourdain, France	<b>Long Scientific Session: Sustainable nutrition - art or science?</b> Chairs: Sascha Verbruggen, Netherlands; Zoltan Györgyi, UK	<b>Long Scientific Session: Safety culture in PICU/NICU</b> Chairs: Janet Mattsson, Sweden; Anne- Sylvie Ramelet, Switzerland
	09:15 - 09:45	Pro - This is the era of technology- we absolutely need multi-modal monitoring Joris Lemson, Netherlands	From immediate Post ROSC care to Survivorship: the PICU Journey Jimena del Castillo, Spain	Echocardiography, Neonatologist performed echocardiography (NPE) and Cardiac PICUS – challenges and opportunities, where do we stand with certification in 2023? Yogen Singh, UK	Nutrition in PICU – achieving UNSDG Goals Lynne Latten, UK	What is the evidence base behind PICU / NICU nurse education and staffing ratios and how do they impact on patient outcomes? Julie Menzies, UK
	09:45 - 10:15	Con- We are clinicians - we need to use our clinical acumen, physical examination and blood tests to manage these patients David Inwald, UK	Acute brain injury in congenital heart diseases: insights and future directions for neuroprotection Paola Cogo, Italy	Year of ESPNIC educational activities - 2021-23 Alberto Medina Villanueva, Spain	Sustainable nutrition – are plant based proteins a possibility? Achieving small differences to reduce impact in the climate emergency Sascha Verbruggen, Netherlands	Good leadership and the impact on the culture of PICU and NICU Rui Bancelos Silva, Portugal
	10:15 - 10:45	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations	Oral Presentations
 <b>Xtra Time Coffee Break, Exhibition &amp; E-Poster Viewing</b>						
 <b>Xcellence</b>	11:15 - 12:15	<b>How to session 01: Overview of recent guidelines</b> Chairs: Yolanda López-Fernández, Spain; Lyvonne Tume, UK	<b>How to Session 02: Year in Review 2022-23</b> Chairs: Akash Deep, UK; Michael Carter, UK	<b>How to Session 03: Transport medicine</b> Chairs: Alberto Medina Villanueva, Spain; Uli Terheggen, Switzerland	<b>How to Session 04: Safety and sustainability in PICU</b> Chairs: Zoltan Györgyi, UK; Gerri Sefton, UK	<b>How to Session 05: When the going gets tough, the tough get going</b> Chairs: Pauliene Raymakers Janssen, Netherlands; Orsola Gawronski, Italy
	11:15 - 11:45	Fluids in critically ill patients - ESPNIC guidelines Frederick Valla, France	ICM-PN - The new horse in the race Dick Tibboel, Netherlands	Initiate and manage NIV during transport Dora Wood, UK	Patient safety and management - the role of rapid response team Kate Baptiste, UK	Response of healthcare professionals to Ukrainian crisis Daniele De Luca, Italy; Pauliene Raymakers Janssen, Netherlands
	11:45 - 12:15	Ventilation liberation guidelines Martin Kneyber, Netherlands	The future of publishing in the era of preprints and AI Esther Lau, UK	How do I set up a good quality paediatric and neonatal critical care retrieval service Ulrich Terheggen, Switzerland	How do we work with more sustainability within PICU/NICU? Janet Mattsson, Sweden	Second opinions in critical care - a challenging medicolegal case Karl Florian Schettler, Germany
 <b>Xtra Time Short Break</b>						
 <b>Xcellence</b>		<b>President's Session &amp; Denis Devictor Award Lecture</b> Chairs: Akash Deep, UK; Daniele de Luca, France; Paulien Raymakers Janssen, Netherlands;				
	12:30 - 13:00	Defining high performance Paediatric critical care of the 21st Century Paola Cogo, Italy				
	13:00 - 13:20	<b>Closing Session &amp; Awards</b> Chairs: Akash Deep, UK; Paulien Raymakers Janssen, Netherlands
